PROFESSIONAL CIMENTART

A CimentArt Professional is that person or company that has received a training course on CimentArt products by our technicians at any of our facilities.

By receiving the training, they obtain basic data and knowledge about our products and are prepared to start their own work with CimentArt products.

A CimentArt Professional is not required to have stock of CimentArt products.

We include for the CimentArt Professional:

- 15% discount on our general purchasing rate.
- Training course on CimentArt Products and provision of CimentArt catalogues.
- Diploma certifying attendance at the CimentArt Training course.
- Optional CimentArt product starter kit.
- Technical assistance.
- Technical documentation.
